FOR IMMEDIATE RELEASE

WANZEK CONSTRUCTION NAMES NEW PRESIDENT

Fargo, N.D. (July 30, 2007) – Jon Wanzek has been named president of Wanzek Construction, Inc., a Fargo, N.D.-based heavy and industrial construction firm.

Wanzek, who was previously the executive vice president, succeeds his father and company founder, Leo Wanzek, who will continue to serve as chair of the board.

“Jon has proven himself through years of leadership in this company,” said Leo Wanzek. “I couldn’t be more pleased to be able to pass control of the company to my son. He and many others helped build Wanzek from the ground up into what it is today, and now it’s their turn to define our direction.”

Wanzek, a family-owned construction firm founded in 1971, specializes in heavy and industrial projects throughout the country, including bridges, industrial process plants, ethanol, biodiesel and wind energy construction. The relationship-based, direct-hire company provides a full slate of services, from site preparation to balance-of-plant construction and project management.
